A Personal Message from our Board President

Serving Changes on the Board of the Directors for the past six years has been a pleasure. Seeing and hearing the other members passion to make sure that this extremely important support to the community continues with as much integrity as the day it was founded is truly inspiring.

I leave the board this year knowing that it is the strongest board I have known. I encourage chapter members to consider a member at large position to learn from these wonderful people and allow them to have the knowledge that they can work hard this year and have back up as members age off the board. Please talk to a current board member about the commitment that is needed. Everyone learns by doing.

I continue to give back to Changes this year by supporting the Redmond Chapter as a Program Representative and answering calls on the Information Line. I love telling my story to new parents, sharing the magic of Changes and encouraging parents to attend meetings, so I am always in OUTREACH MODE!

I am also continuing my work with others in the community that work with struggling families in order to build alliances and increase awareness to all that Changes has to offer them.

Mission
Changes Parent Support Network fosters healthy families by equipping parents with tools and support to change their behavior.

Vision
Changes brings hope to parents in our communities by connecting them to strong, sustainable support.

What is Changes?
Changes is an active, constructive, self-help method for parents to change their behavior and in turn, their kid’s behavior. Drawing on the wisdom, experiences and support of others, members of our groups develop and enact their own plan for change.

We believe that change must first come from within before parents can effectively help their children.

Typical challenges faced by Changes parents include:
• Substance abuse
• Oppositional/defiant
• Not attending school
• Breaking the law
• Irresponsible
• Running away
• Violent or abusive
• Gang involvement

We help parents who feel:
• Helpless and frustrated
• Stressed-out
• Sad and depressed
• Ashamed and angry
• Isolated from family and friends

Changes Brings Hope to Families
“...I can’t thank you enough for loving me, talking with me and helping and teaching me through some of the hardest times of my life and my families life! Thank you for showing me how to communicate a little better and to see more clearly through a different “lens” that I call, a deeper love, patience and understanding.”
